Maëlig LAMARRE

Student in MMI of the IUT in Laval

Currently in my third year of a Bachelor of Technology in Multimedia and Internet Professions (MMI), I am looking for a 15-week internship, available starting March 31. My education has enabled me to acquire strong technical skills in web development while also gaining professional experience in essential areas such as project management, teamwork, and autonomy.

EXPERIENCE

2024

- 10-week internship at the Northern Province of New Caledonia: development of a management application using .Net and C#.
- Temporary work during the summer

2023

- Temporary work during the summer

2022-2024

Study projects

- poster, brochure, design for Geek Days, the "Quik" Application,...
- Creation of responsive websites with databases
- Photo editing
- Video editing
- Applications for PC and Android

2021

volunteering

- volunteer in an associative cinema as part of the Universal National Service

OTHER INFORMATION

- I have my driver license
- I am ok with moving in another country for work
